

NEMO L m

A motor boat powered by outboard engine (electric or gasoline) in an highly attractive form of a ship, very comfortable, solid and safe. A wide selection of additional equipment allow you to adjust the craft to individual needs. Due to the exceptionally original appearance and strong construction, **NEMO m** is perfect for watercraft rental. It provides owners with a large number of guests, a very fast return on investment, high durability and a minimum of maintenance. The borrowers will be delighted with its ergonomics, comfort, space and thoughtful design. **NEMO m** is especially liked by children - who wouldn't want to be a captain?
